Forms, Dialogs and Messages

Forms

- Fields marked with a red * are required.
- Some forms have sections (for example Basic Information, Personal Information, Advanced Details).
- Click **Submit** or **Save** to store your changes, **Dismiss** or **Cancel** to leave without saving.
- Fields you don't have permission for are hidden.
- Administrators can change forms and add custom fields in *Settings* → *forms*.

Confirmations

Actions that change or delete data ask for confirmation, for example *Delete selected user(s)?*. Click **Yes** to continue.

Messages

Message	Meaning
Green message (for example *Changes Applied Successfully*)	The action worked.
Yellow or red message	The action was refused; the text explains why (for example *Insufficient Balance*).
access denied	You don't have permission for this action or record.
server error occurred	An error on the server. Try again; if it repeats, contact support with the time and the action.
A code such as `rsp_…`	A message without translation. The help pages explain the most common codes.

Language

Use the language icon in the top bar, or choose the language on the login page.
