Managers List

Managers are the panel accounts of your resellers and staff. Each manager owns subscribers, activates them from their own **balance**, and can have **sub-managers** under them. Together they form a tree: *admin → managers → sub-managers*.

Open *Managers* in the menu to see the list.

Which managers you see

- A manager sees all managers **below them** in the tree (sub-managers at any level). Your own account is not listed; use My Profile, Password and 2FA for it.
- System administrators and managers with *Managers - Index (All Managers)* see every manager.

- A manager assigned to a **Site** sees only managers of the same site.

Table columns

Column	Description	Shown by default
Username	Login name. Click it to open the Manager Details Page. Disabled managers are shown in red.	Yes
First Name / Last Name	Manager's name.	Yes
Balance	The manager's current balance.	Yes
Debts	Loans the manager still owes to other managers (see Manager Balance: Deposit, Withdrawal and Pay Debt).	Yes
Permission	The manager's Security Group (permission group).	Yes
Parent	The manager above this one in the tree.	Yes
Users	Number of subscribers owned directly by this manager.	Yes
Group, City, Site, Reward Points, Discount Rate (%), Creation Date	Extra details.	No

Toolbar, search and filter

- **Managers Tree**: pick a manager in the tree to list only their sub-managers.
- **Show/hide columns**, **refresh timer** and **reload** work as in the Users List.
- **Export**: exports all matching managers to Excel (needs *Managers - Export to Excel*).
- **Search** matches part of the username, first name, last name or phone.

The **Advanced Filter** has these fields:

Filter	Description
Parent	Show the managers under one manager.
Sub-Managers	ON (default): all levels under the selected parent. OFF: only the parent's direct sub-managers.
Site	Managers of one site (needs *Settings - Sites Management*).

Filter	Description
ACL Group	Managers with one security group (needs *Managers - Index (All Managers)*).
Group	Managers of one group (needs *Groups - Assign*).

Actions

Select a manager and open **Actions** (or right-click the row):

Action	Description
New	Creating a Manager
Edit / Edit (New Tab)	Opens the Manager Details Page.
Rename	Rename and Delete a Manager
Assign to Site / Assign to Group	Assign to Site and Group
Deposit / Withdrawal / Pay Debt	Manager Balance: Deposit, Withdrawal and Pay Debt
Add / Deduct Reward Points	Reward Points
Delete	Rename and Delete a Manager

Required permission: Managers - Index
